

“Learn to Ride”

2017 Bike Camp

Helping children learn to independently ride a two wheeler!

Now offered free of charge! Funded by a grant from the Dr. Gertrude A. Barber Foundation.

Saturdays, June 3, 10, 24, and July 1

Two Sessions: 9 - 10 a.m. & 10:15 - 11:15 a.m.

Barber National Institute (West parking lot), Erie

Developed under the direction of physical therapists to meet the needs of children and young adults with autism, Down Syndrome or other special needs but open to any youngster in the community who is able to pedal but who has not been successful riding without training wheels.

- Children should be at least seven years and up to twenty-one years of age and able to steer and beginning to pedal.
- Participants should bring a bike and helmet, but a limited number may be available for camp use.
- Parents/guardians are requested to remain on site to observe each session — we ride rain or shine in either the parking lot or in the gym.
