WOULD YOU LIKE TO LOVE WHAT YOU DO?

“
I have worked in this field for many years. I appreciate the opportunity for direct support professionals to obtain certifications. This was an experience I am proud of and I'm glad I completed it.

MICHAEL, DIRECT SUPPORT PROFESSIONAL

“
This has been the best job I've ever had! I always planned to have my work focus on achieving justice, independence, equity and equality for marginalized communities. It's extremely rewarding knowing that I am helping people and making a difference.

TRISTAN, SUPPORTED EMPLOYMENT

“
I have worked at Barber Behavioral Health for over six years. I enjoy the team environment and support from supervisors and coworkers. I am appreciative of the flexibility that the job has to offer, including being able to set my own work schedule. The most rewarding part of the job is the opportunity to work with so many wonderful children and families.

WHY BARBER NATIONAL INSTITUTE?

Founded over 70 years ago by Dr. Gertude Barber, Barber National Institute maintains a strong commitment to compassionate, person-centered care and support deeply rooted in values and history. This legacy of dedication and expertise is carried forward today by highly trained staff who live our mission daily.

With a national reputation for expertise in autism support, behavioral health and intellectual disability services, Barber National Institute leads with evidence-based practices and innovative programs designed to enhance individual independence and quality of life.

Our team members practice their profession with the highest level of expertise and are empowered with opportunities for professional development and career growth.

Team members grow within Barber National Institute while gaining new skills and advancing their careers. Training, mentoring and job exploration provide opportunities for advancement across various departments.

Dr. Barber In Her Own Words

A CAREER THAT'S RIGHT FOR YOU

We need the best employees, to be the best – talented, self-directed people who want an engaging, rewarding job in a positive, supportive environment. A spectrum of direct care, education and administrative opportunities include:

Administrative:

Accounting, human resources, grounds and facilities, trainers, and administrative support to deliver our mission.

Behavioral Health:

Therapists, blended case managers, behavioral specialists and other professionals work in our wide range of behavioral health services.

Direct Support Professional, Residential:

In a family home atmosphere, assist adults with daily living skills and promote independence.

Direct Support Professional, Day Program:

In a community atmosphere, help adults become more included in their community.

Nurse:

Using a person-centered approach, maintain and provide healthcare in day and residential settings.

Special Education Teacher and Teacher Assistant:

Small class sizes and comprehensive support team in Erie's only nationally recognized school of excellence.

Speech, Physical and Occupational Therapists:

In a school or home setting, work with children to overcome developmental delays or physical, emotional or social challenges.

Supported Employment:

Promote job skills and help adults find jobs in the community.
